

Eisenhower Averts Clash In Congress Over Tariff Walls

By CHARLES F. BARRETT

WASHINGTON (AP)—President Eisenhower appeared today to have averted a threatened election-year clash with some key congressmen in his own party over the tender topic of tariff walls.

He did so by putting off—until next year—his request for a three-year renewal of the Reciprocal Trade Act with power to lower tariffs an additional 5 per cent each year.

In a letter released late Thursday, Eisenhower said he still regarded this hotly controversial program as "indispensable" in the national interest. But he suggested that Congress only hold thorough hearings on it this year, and take it up for action early in 1955.

Meanwhile, he said, Congress could renew the act as it stands for one more year. The present law expires June 12.

Several high-ranking Republicans in Congress who have been ready to fight for higher instead of lower tariffs indicated they would be happy to postpone the threatened battle for another year and simply renew the present act.

Rep. Daniel A. Reed (R-NY), chairman of the House Ways and Means Committee, said today he was "gratified" at the President's new stand.

On the Senate side, Chairman Millikin (R-Colo.) of the Senate Finance Committee, a critic of some administration "low tariff" policies, said he would support a one-year extension of the Reciprocal Trade Act.

An as-is renewal of the statute is regarded as little more than a free trade gesture from a foreign policy standpoint, since most of the present law's authority to cut tariffs in exchange for cuts from other nations has been used up.

Ohioan Faces Charge Of Slaying 3 U. S. Officers In Germany

By RICHARD K. O'MALLEY

FRANKFURT, Germany (AP)—Murder charges in the axe-and-fire slaying of three American officers in Germany eight years ago were filed here today against James M. Leech of Lima, Ohio, former U. S. Army captain.

U. S. Dep. Dist. Atty. William Canfield said he was forwarding extradition papers seeking Leech's return to stand trial.

Police Puzled
Victims of the slaying were Maj. Everett S. Cofran, formerly of

Washington, D. C., whose wife lives in Seattle, Wash.; Capt. Adrian L. Wessler of New Rochelle, N. Y., and 1-Lt. Stanley Rosewater of Omaha, Neb.

Their charred bodies were found in Cofran's house on the banks of the Danube, in Passau, Jan. 7, 1946.

The slaying of the three officers was one of the most sensational in postwar Germany and lingered in police records as puzzling and unsolved.

Leech, Cofran's deputy as town commander of Passau, was an early suspect in the case but was released.

Canfield said two of the three victims had died of axe wounds and the third by fire. They died in Cofran's house.

Fire billowed from the house in the early morning hours, fed by several cans of gasoline stored in the attic.

Gasoline Feeds Fire
Canfield said the deaths of two of the men may have been a ghastly error on the part of the slayer. The two were overnight guests of Cofran and one was occupying his bedroom when he was slain.

This is how Canfield described what may have happened the night of the slayings:

The murderer entered the house, armed with an axe, and crept into Cofran's room, then occupied by Lt. Rosewater. He struck the sleeping Rosewater with the axe before discovering his error. Then he went

Highway Buyer Freed Of Fraud

GRAND HAVEN (AP)—Municipal Judge Louis H. Osterhaus today dismissed a case of conspiracy to defraud against Ronald V. Kennedy, 43, suspended Grand Rapids highway department official.

The judge delayed a ruling Thursday on a petition for dismissal in order to review the day's testimony. He allowed both sides one hour for argument today.

Kennedy, assistant State Highway Department right-of-way buyer, had been charged with conspiracy to defraud Louis and Joseph De Kraker, of Hudsonville, of \$300 each in land deals concerning purchase of M21 right-of-way.

Judge Osterhaus ruled there was insufficient evidence and testimony to show the defendant conspired to cheat and defraud the De Kraker brothers.

Also dismissed was a similar charge against J. Palmer Seeley, former chief of the Grand Rapids right-of-way division.

Seeley, in the court's first action yesterday, had been named a co-conspirator with Kennedy. Assistant Atty. Gen. Perry Maynard recommended the move, pointing out Seeley had pleaded guilty to a more serious charge in Muskegon.

Seeley and Mrs. Lois Moon Ley, a Muskegon real estate dealer, pleaded guilty in Muskegon Circuit Court recently to conspiracy to defraud the state and others of more than \$10,000 in right-of-way deals. They are awaiting sentence.

The court actions grew out of an audit and investigation of the Grand Rapids division of the State Highway Department.

Woman-Stubber Added To FBI Wanted List

WASHINGTON (AP)—The FBI today added to its list of "10 most wanted men" Otto Austin Loel, 43-year-old ex-sailor charged with stabbing a woman to death in an Oklahoma City motel last Jan. 10.

The FBI said the victim had arranged, with the assistance of her husband, to travel in Loel's car on an expense sharing basis from Compton, Calif., to Newark, Ohio. Three days after they left California, her half-nude body, slashed with 19 stab-wounds, was found.

Loel was traced to Shreveport, La., but then dropped out of sight. Of medium build, Loel has brown hair and eyes and the FBI said that although he has false teeth, he seldom wears them.

Bank Robbers Caught In Act At High Springs, Fla.

HIGH SPRINGS, Fla. (AP)—Officers armed with shotguns and tear gas captured 3 men including a former University of Florida football player in the High Springs Bank early today. A large hole had been cut in the bank vault.

Gordone Shanklin, agent in charge of the Mobile FBI office identified the men, as Paul Mortellaro, 29 of Tampa, former tackle for the University of Florida; Mike Romanello, 45, of Jacksonville, Fla., cafe owner; and Julio Means, 43 of Tampa.

Patrolman Gives Tip
The officers confiscated a rifle, revolver, acetylene torch and assorted burglar tools.

A High Springs policeman, 36-year-old Ed Cole, was credited with thwarting the burglary. Walking his beat he saw a man in the bank, continued on his way and then alerted Police Chief Hamp O'Steen. Other policemen, sheriff's deputies and FBI agents gathered quickly.

The officers covered the front and rear exits of the bank and Cole shouted for the men inside to come out with their hands up. No reply was received.

Officers Move In
Julian Smith, Gainesville deputy sheriff, unlocked the front door, went inside and called for the men to come out. One of them shouted back "You'd better get out of here, it's not safe." Smith replied that the bank was surrounded and they didn't have a chance.

The officers moved in and Mortellaro and Means were taken into custody. Thirty minutes later, Bank President G. W. Call, standing outside the building, saw the outline of a man in the president's office inside and called officers.

Armed with a shotgun, policeman Jack Koon entered and commanded a man hiding beneath a desk to "Come out with your hands up, or I'll shoot." Romanello emerged.

The Agriculture Department, in announcing this program, placed no limitations on countries to which the grain could be sold. Mexico may buy considerable corn.

The department previously had placed wheat, butter, cheese, dried ilk, grain sorghums, cottonseed oil and flaxseed on a cut-rate basis for foreign buyers.

Little American feed grain has been moving abroad because U.S. prices, propped up by government farm price support programs, are above world prices.

In sales at such cut-rate prices, the government takes losses amounting to the difference between what it paid under price support programs and the prices it gets from exporters. In the case of corn, the loss will be about 22 cents a bushel, on wheat 41 to 52 cents a bushel, on butter 35 cents a pound.

Michigan To Get Set For Seaway
LANSING (AP)—A House committee prepared today to meet problems expected when the St. Lawrence Seaway is built.

Rep. Herb Clements (R-Decker-ville) chairman of the House Marine Affairs Committee, asked the Legislative Service Bureau to draft a new marine code, bringing it up to date and determining what amendments will be needed when the seaway is built.

Clements said a major problem will be to increase the number of port authorities in Michigan and to authorize such authorities to issue revenue bonds for the construction and improvement of docks.

Only two communities, Detroit and Monroe, now have port authorities.

BOY, 14, SPELLS DOWN 56—Shown above is the national spelling bee in Washington, D. C., won by William Cashore, 14, of Center Square, Pa. To win the title, plus \$500 and a trophy, Cashore spelled down 56 other school children from throughout the nation in the 27th annual spelling bee Thursday. Runnerup, for \$300, was William Kelley, 11, of Deering, Mo. He tripped

on "uncinated", spelling it with an "s" instead of a "c". The word means hooked, or bent at the end. Cashore spelled that word correctly and to clinch the title spelled correctly one more, "transept". That is a term used in church architecture. On stage in the picture above is pronouncer Benson S. Broader Export Markets Sought For Feed Grains

By OVID A. MARTIN

WASHINGTON (AP)—The government made a bid today for broadened export markets for livestock feed grains in an effort to reduce its 64-billion-dollar pile of farm surpluses.

Corn, barley, oats and rye from government stocks will be offered for the time being to private exporters at prices ranging from 10 to 15 cents a bushel below domestic market prices. These discounts are designed to enable exporters to compete with grain being sold by other countries.

The Agriculture Department, in announcing this program, placed no limitations on countries to which the grain could be sold. Mexico may buy considerable corn.

The department previously had placed wheat, butter, cheese, dried ilk, grain sorghums, cottonseed oil and flaxseed on a cut-rate basis for foreign buyers.

Proposal To Lower Voting Age Branded Blow At State Rights

WASHINGTON (AP)—Sen. Russell (D-Ga.) today denounced as an invasion of states' rights President Eisenhower's proposal to lower the voting age from 21 years to 18.

Russell, unofficial spokesman for a bloc of Southern Democrats in the Senate, spoke out in an interview in advance of the start of Senate debate today on a proposed constitutional amendment to give the vote to 18-year-olds.

"It is the most inexcusable infringement on the rights of the states that I can think of," Russell said.

His state, Georgia, is the only one which now permits 18-year-olds to vote. He said "it has worked well" there, but he added that the voting age is a matter for individual states to determine

under the Constitution and should remain so.

He said the constitutional amendment proposal "is a direct reflection on almost every governor and state legislature" because "it asserts they are not capable of fixing the regulations and qualifications for their own voters."

The proposed amendment would bar any state from denying or abridging the right to vote to citizens otherwise qualified who are 18 or older.

Chairman Langer (R-ND) of the Senate Judiciary Committee, which approved the proposal by 7-3 March 15, said he expects the required two-thirds favorable vote.

He noted that Eisenhower had asked for the amendment as part of his legislative program in the State of the Union message Jan. 7.

New Irish Leader Pledged To Improve Farming Efficiency

By TOM OCHILTREE

DUBLIN, Ireland (AP)—Associates of John A. Costello said today the coalition leader will give top priority to improvement and modernization of Irish agriculture when he takes over as premier.

Costello's control of the government was assured Thursday night when final returns from Tuesday's general elections gave the group of parties headed by him a majority in the new Dail (Parliament). Outgoing Premier Eamon de Valera conceded the defeat of his Fianna Fail (Men of Destiny) party.

The Dail is scheduled to convene June 2 to launch the new regime. A friend of Costello said the Fine Gael (United Ireland) party chief believes the future of Ireland lies in developing her only major asset—12 million acres of arable land.

The land now is being tilled only at 60 per cent capacity. American economic aid experts have urged the republic to do something about it.

With three seats still to be decided at a special election next week, Tuesday's voting gave the parties this representation in the 147-seat Dail:

Fianna Fail-64.
Independents-5.
Coalition parties-75. These in-

cluded Fine Gael, 49; Labor, 18; Clann Na Talmhan (Farmers), 5; Clann Na Poblachta (Republicans), 3.

De Valera, 71 and nearly blind, has been a dominant figure in Irish politics for more than a score of years. In that time Costello has been the only man to beat him, and now Costello has done it twice.

From 1948 to 1951, Costello was premier of a coalition government that eventually was ousted by the Fianna Fail.

Missing Man Found In Locked Trunk Of His Own Auto

MIDDLETOWN, N. Y. (AP)—Fred Mueller, a "missing person" since Tuesday, was rescued Thursday from the locked trunk of his automobile.

Mueller, 55, said he became ill Tuesday afternoon while operating his car about 50 miles from his home here. He said he decided to rest in the trunk, and the lid snapped shut.

Police had a missing person alarm out for him. A motorist slowed by traffic on a road near New Paltz, N. Y., heard Mueller pounding on the trunk lid and got him out.

'Silly Circus' Hurts GOP, Says Wisconsin Solon

By G. MILTON KELLY

WASHINGTON (AP)—Sen. McCarthy kept Capitol Hill guessing today whether he is trying to set up a basis for his accused staff aides to walk out of the hearings on his row with Army officials.

From sources close to the Wisconsin Republican came word that he has told associates he now plans no walkout of his own after the televised public investigation resumes Monday, but that his mind could be changed.

Makes No Promises
"I will be there Monday," McCarthy told newsmen.

He emphasized, however, that "I make no promises" about how long he will stay, and he fired a new blast at President Eisenhower's order forbidding witnesses from the executive branch of government to give certain testimony McCarthy says is essential to his case.

"I don't see why the President should be afraid to let them tell the truth," he said. He likened the order to invoking the Fifth Amendment to the Constitution, which declares that no witness may be compelled to testify against himself.

In the hearings the Senate Investigations subcommittee is searching for the truth in misconduct charges top Pentagon officials and McCarthy have flung at each other.

Accused of Pressuring
Secretary of the Army Stevens and Army Counselor John G. Adams have accused McCarthy and two subcommittee aides of using improper pressures in efforts to win favored Army treatment for Pvt. G. David Schine, a former member of the subcommittee staff.

McCarthy and the two aides, Roy M. Cohn and Francis P. Carr, have countercharged that Stevens and Adams sought to use Schine as a "hostage" to get McCarthy to drop a search for communism in the Army.

The McCarthy camp let out word Thursday night that the Wisconsin

Editor Stricken In Minneapolis

MINNEAPOLIS (AP)—Gideon D. Seymour, vice president of the Minneapolis Star and Tribune and an active civic leader, died of a heart attack at his home Thursday.

Seymour, 52, had been hospitalized three months after a similar attack last December but had recovered and returned to his desk April 1.

A native of Arlington, S.D., he had seen worldwide service with The Associated Press before joining the Star as editorial page editor in 1939. He joined the AP as correspondent at Pierre, S.D., in 1923. It was there he met Agnes Peterson, whom he married in June 1926.

He served at Chicago and Indianapolis before becoming general city editor for The AP in New York in 1929. Two years later he was named chief of bureau at Buenos Aires and assignments to Cape Town, South Africa, and Sydney, Australia, followed.

He returned to New York in 1935 as first editor of the then newly-established AP Wirephoto network. A year after, he was sent to London as managing director for The AP in the British Isles.

Survivors are his widow; a son, Peter, 18; a brother, Forrest, associate editor of the Worcester (Mass.) Gazette and Telegram; and two sisters, Mrs. Bert Popowski, Aberdeen, S.D., and Mrs. George Severson, Bogota, Columbia.

Police had a missing person alarm out for him. A motorist slowed by traffic on a road near New Paltz, N. Y., heard Mueller pounding on the trunk lid and got him out.

Consumer Price Index
Edges Up In April
DETROIT (AP)—The Detroit Consumer Price index edged up 0.2 per cent from March to April, the U. S. Labor Department's Bureau of Labor Statistics reported today.

This left the April index 1.3 per cent above the level of a year ago.

During the year food, housing, medical care and some other items were up and transportation, clothing and personal care were down.

Captain Slays His 3 Children, Kills Himself

JACKSONVILLE, N. C. (AP)—A Marine Corps captain slashed his three small children to death with a hatchet Thursday night, wounded his wife and then, police reported, took his own life by jabbing a butcher knife into his throat.

Coroner Talbert Jones of Onslow County identified the officer as Capt. Michael P. Carroll of Augusta, Ga. He was stationed at nearby Camp Lejeune.

Wife Attacked First
Jones said the youngest of the three children, Michael Philip Jr., about 4, was savagely beaten to death at the Carroll home on the outskirts of Jacksonville in an outburst of brutality that began about 9 p.m.

Two daughters, Mary Katherine, 7, and Sara Beth, about 5, died shortly afterwards at the U. S. Naval Hospital.

Mrs. Carroll, cut several times on the head, was described by hospital attendants as in a serious condition.

Jones said no motive had been established for the slayings.

Carroll attacked his family after the children had gone to bed—all were in night clothes—and apparently assaulted his wife first, the coroner reported.

Had Wild Look
A civilian neighbor, S. J. Hutchinson, said he heard Mrs. Carroll scream just before she fled into the front yard, her head bleeding from multiple wounds.

Hutchinson said he ran into the Carrolls' home and sought to restrain Carroll, whereupon the officer seized a butcher knife and stuck it into his throat. He said the captain's face had "the wildest look I had ever seen."

China Reds Build Up For Invasion

By ELTON C. FAY
WASHINGTON (AP)—Red China's air command is reported to have concentrated a substantial force of jet fighters and light bombers along the mainland coast opposite Formosa, seat of Chiang Kai-shek's Nationalist government.

That buildup apparently has been made since the Korean War's end allowed diversion of air power from Manchuria.

The Red buildup in Chekiang province consists almost entirely of MIG15 fighters and IL28 twin-jet bombers, information reaching Washington indicates.

There was no indication today that officials were unduly alarmed.

The United States still is holding fast to its policy of promising sea and air aid to head off any invasion attempt by the Reds against Formosa.

Dispatches from the Far East report Red air sorties over Nationalist-held islands off the China mainland, with Nationalist planes challenging these Red air movements. But there has been nothing suggesting direct invasion attempts against Formosa itself.

Fluoridation Delayed Again

The fluoridation of Escanaba's water supply to assist in preventing tooth decay among children will be delayed, perhaps temporarily, in view of a report that a U. S. Congressional committee is to conduct a hearing May 25-27 on a proposed bill to make fluoridation illegal.

John Baribeau of Escanaba last night informed the City Council that he had written Congressman Victor Knox to request information on House Bill 2341. Rep. Knox replied with information concerning the committee hearing.

Since fluoridation might become illegal, Baribeau suggested that the Council might not want to spend money for fluoridation equipment.

Equipment Cost \$1,150

"That would not make me sorry," said Mayor Harlan Yelland, who has opposed fluoridation for Escanaba.

Councilman Robert E. LeMire suggested tabling bids received by the Council to supply the city with fluoridation equipment for the water plant. The low bid was submitted from B. I. F. Industries, Inc., for \$1,150.

Councilmen Wesley Hansen and Edward J. Cox urged the Council to act on the bids and go ahead with the fluoridation program.

Mrs. C. L. Riegel of the local Lay Health Committee, appeared before the Council to point out that the subject of fluoridation has been before the Council for one year; that the people have had full opportunity for discussion and in advisory referendum approved it by a vote of two to one; and that there was no further reason for delaying action.

Low Bid Approved

Mayor Yelland questioned if the Council should go ahead if fluoridation is "illegal."

Mrs. Riegel said the people were for fluoridation and that she was sure Congress would not favor the anti-fluoridation bill. "I see no reason for delay," she added.

Council approved the low bid, subject to notice by the city when it wanted the equipment shipped. The motion was made by Councilmen LeMire. Mayor Yelland did not vote "in view of my former position" of opposing fluoridation because it is still in the "experimental" stage.

In other business the Council approved the U. S. Pipe and Foundry Company's low bid of \$5,297.22 to supply the city with pipe for water mains.

Breakin Thursday Night At Shepek Dimension Plant

A breakin at the Shepek Dimension Company plant at Wells last night is being investigated by the sheriff's office and the state police.

A number of tools are missing, chief among them being two electric drills—one 1/2 inch, the other 1/4 inch, dies, hammers, a drawknife, several planes, and wrenches.

The prowlers gained entrance through a rear window and apparently confined their burglary to tools as nothing elsewhere about the place was molested.

Drivers Licenses Of Two Restored By Court Order

Leslie G. Mattson and Peter Silbernagel were granted the restoration of their drivers' licenses in Delta County Circuit Court today. The restoration order, handed down by Judge Glenn W. Jackson, was made on their testimony that the right to drive was important in the conduct of their business.

Both men lost their drivers' licenses earlier this year following their convictions in justice court for violation of traffic laws.

With Escanaba City Council

Escanaba City Council in meeting last night took action on the following subjects:

Tabled until next meeting a recommendation that a parcel of land adjacent to and west of Lakeview Cemetery be purchased by the city as a site for an electric substation. The price asked by the owner is \$1,000. Mayor Yelland suggested delaying action to give the city time to "consider the cost of condemnation proceedings."

Heard Ken L. Gunderman, Escanaba Lions Club president, request an appearance of the city band for a parade during the U. P. Lions Clubs convention in Escanaba June 12-14, and approved the request. About 400 delegates are expected to attend the convention, the Council was advised.

Accepted a recommendation of the city manager to change the first-year salary increment of police patrolmen to assist in financing attendance of new officers to a police school held at Michigan State College.

Approved appointment by Mayor Yelland of Bruce Brackett to the board of appeals and Fritz Breitenbach to the safety advisory committee.

Authorized the Escanaba city band to attend the Ishpeming centennial celebration in July, in lieu of sending a float. Transportation cost of the band will be defrayed by the centennial committee.

Referred to the Planning Commission a request by E. J. Kallio to rent 400 feet of city-owned land

fronting on US-2-41 near the north Escanaba city limits.

Approved transfer of about \$77,000 in utility funds to the city general fund. City Manager A. V. Aronson reported that all utilities—steam, gas, water and electric—were "in the black" for the quarterly period.

Adopted a resolution sponsored by Councilman Edward J. Cox requiring that any "new" city employees from outside the city shall be required to make his residence in the city.

Referred to the city manager a request by John Gannon of Escanaba that the city's new "Scenic Route" markers be extended from Ludington Park west on Ludington St. to Stephenson Ave. and thence past the ore docks to Wells.

Authorized the city clerk to inform Perkins and Will, Chicago architects who have been consulted in connection with plans for a Ludington Park bandshell, that the Council considers the architect's fee of 8 per cent too high. It heard Arne Arntzen, local architect, report that the usual fee in this area is 6 per cent.

New Gasoline Seen Re-powering Engines by Second Tankful

Gives Up to 15% More Power

A power-restoring job on the engine of the family car can be accomplished now simply by a trip to the service station, engineers for a large petroleum corporation have reported.

The "re-powering" is achieved by switching to a new kind of gasoline—gasoline containing a new additive which researchers say neutralizes lead and carbon deposits, and gives up to 15% more engine power.

Tests Show Power Gain
This encouraging news for car owners came when Shell Oil Company engineers released performance figures on tests conducted using the additive, blended into Shell Premium Gasoline and sold under the trademark TCP.

"We consider it the greatest gasoline development in 31 years," a Shell spokesman said. "TCP overcomes pre-ignition and spark plug misfiring caused by lead and carbon deposits. These have been two major power robbers up till now."

The spokesman pointed out that "all gasoline sold today contains deposit-forming compounds." He said these compounds build deposits in the combustion chambers of all auto

engines. It was explained that the deposits often become "hot spots" when power is needed "for quick acceleration, for instance. As a result, fuel is pre-ignited before the piston reaches proper firing position. Vital power is lost. "Not only does pre-ignition create power working against you," the Shell spokesman said, "but the deposits—which TCP now neutralizes—form on your spark plugs, causing misfiring, unburned fuel and considerable waste."

TCP Well Received
The new additive blended into Shell Premium Gasoline already has created wide enthusiasm among car owners attracted by Shell's promise of "up to 15% more power without touching a foot."

Drivers are warned, however, that these deposits constantly accumulate with modern fuels—and therefore must constantly be neutralized to keep the power gained. Shell says the only way to insure this is continued use of Shell Premium Gasoline with TCP.

Company sales officials said Shell Premium Gasoline with TCP is being handled by all Shell dealers.

Walleye Opener Reported Good

First reports on the opening of the walleye season on Little Bay de Noc today were favorable, with an estimated 200 boats out in the upper bay area off Masonville.

By 10 a. m. some of the fishermen had taken their 10-walleye limit, with the fish running an average of two to three pounds in weight, it was reported from Rapid River.

A number of Wisconsin fishermen were at hand at dawn today, arriving last night and hitting the boat liversies early so they would not be disappointed by failing to get a boat. The resorts with boats for rent reported a "sell out" at an early hour.

The sky was partly cloudy and the wind was fresh from the southwest, kicking up some sea later in the day.

Regulations on walleyes are unchanged from last year: Length not less than 13 inches, limit on fish 10—or not more than 10 in combination if both walleyes and northern pike are taken.

Escanaba Budget:

Taxes Lower; Employees' Salaries Up In 1954-55

Escanaba City Council in meeting last night gave public hearing to a 1954-55 city budget totaling \$1,655,278 and set May 28 for a special meeting and adoption of the budget, following lengthy discussion.

Although the Council granted pay raises to city employees above the figure recommended by the Civil Service Commission and City Manager A. V. Aronson, the city tax rate will be lower than last year.

The tax rate for 1954-55 will be \$14.96 per \$1,000 assessed valuation compared to the present rate of \$15.69.

This will be accomplished by appropriating for salary increases

from the city's unappropriated surplus.

The Council heard Charles J. Wilderspin, business representative of the State, County and Municipal Employees union, request a 6 per cent pay boost for the city employees he represented.

The Civil Service Commission had recommended an increase of 2 per cent plus 1 cent per hour to meet the cost of living rise.

On motion of Councilman Edward J. Cox the Council approved an increase of 4 per cent "across the board" for all civil service city employees.

The Council also approved paying firemen time and one-half for work on Sundays and holidays. A similar provision for the police had been previously approved.

City Comptroller Alfred Lawrence reported to the Council that each one per cent pay increase for civil service employees amounted to \$5,659.57, and that the total payroll budget for 1954-55 was \$629,665.

Two Injured In Naphtha Fire

Two Manistique men, C. J. Jansen and Paul Larson, suffered burns at 8:30 a. m. today when naphtha gas exploded in the Manistique Cleaners and Dryers Plant.

The fire was believed to have been caused by static electricity in the cleaning plant. It started in a washer which was being operated by Jansen, the proprietor. Jansen's clothing caught fire, but the flaming garments were removed by Larson, his helper, before he was badly burned.

Larson, who had both hands burned, was in the main building at 211 Oak St. He heard the explosion in the small building behind the main shop, and he met Jansen as he was coming out of the door of the shop.

Jansen, who resides at 552 Park Ave., received burns about the face and arms and is receiving treatment in Schoolcraft Memorial Hospital. The seriousness of his burns was not known this morning. Larson, a resident of 730 Garden Ave., was treated at

Schoolcraft Memorial Hospital and released.

Manistique firemen were called, and they extinguished the blaze. It is not known how much damage was done to equipment the plant, but it is believed to be slight. Some clothing was damaged in the plant's first fire.

Students Put Out Forest Blaze

HERMANVILLE—Supt. Jack Kleimola and 7th and 8th graders of Hermansville school turned from tree planters to firemen yesterday to put out a fire at the school forest in the Vega area west of Hermansville.

Kleimola and the students were planting trees in the school forest when a fire, of undetermined origin, broke out nearby. The students put out the blaze after it had burned over a 1,500 foot area. None of the trees the students had planted were damaged.

City Efficiency Survey Approved By Council

Does Escanaba have a "top-heavy" administration cost? Does the city manager need an administrative assistant? To answer these two questions in particular, which have been points of controversy dividing the City Council, the Council last night unanimously adopted a motion providing for an efficiency survey of city government.

The motion to have the Council and City Manager A. V. Aronson confer in obtaining the services of an efficiency survey firm or individual was made by Councilman Edward J. Cox, supported by Councilman Wesley Hansen.

Council Divided

In previous budget hearing meetings Councilmen Cox and Hansen had unsuccessfully sought to retain the services of the administrative assistant, as recommended by the city manager.

Voting to eliminate the position of administrative assistant by striking his salary from the budget were Mayor Harlan Yelland and Councilmen Jacob Bink and Robert E. LeMire.

Seek Start of State Building

Preliminary steps toward determination of what action may be taken by the city to hasten the construction of a state office building in Escanaba were taken last night by the Escanaba City Council.

The project, once considered imminent and then delayed because of the state's coolness toward sharing in the cost, was recently revived at the suggestion of the Michigan Employment Commission, which must seek new office quarters in Escanaba by July 1.

The Commission last night asked and received assurance from the Council that a decision on the office building project, with or without state participation, would be forthcoming within 60 days. The Commission has said that it would be willing to take temporary quarters for one year if it is assured the project is to be started.

Councilman Robert E. LeMire noted at last night's meeting that the city has a total of \$220,000 in money willed to the city by the late Mrs. Catherine Bonifas. There was some thought given a proposal that the city and county go ahead toward construction of a city-county building, he added.

Mayor Harlan Yelland noted that Rep. Einar E. Erlandsen reported that no state action could be expected until the legislature meets again in January, and that meanwhile the project might be started under city-county statutes.

The city has the money but it does not want to own and operate the building, the Council indicated. With state participation the building would be owned by the state, providing housing for state branch offices, for city offices, and for county offices if the county participates in the cost.

Consumers To Be Aided By Service Of New 'Ag' Agency

MARQUETTE—The campaign to "strengthen Michigan agriculture" by putting more and better state farm products into market baskets will offer housewives shopping and menu tips.

These special agents, who will try to show housewives the values of a "Buy Michigan" shopping outlook, will be on the extension staff of the MSC School of Home Economics.

They will use press, radio, television, meetings and other methods to get their messages about Michigan foods across to shoppers and homemakers.

At last night's meeting John Anthony, member of the Escanaba Civil Service Commission, appeared before the Council to urge reconsideration and to request the Council to continue the position of administrative assistant.

Says Assistant Needed

Anthony said the administrative assistant gives the city manager, who is also personnel director, much valuable aid in studies required by the Civil Service Commission. He said the Civil Service Commission had not had an opportunity to discuss the matter of eliminating the administrative assistant position and that it was on the Commission's June meeting agenda.

"You can cut out the man, if you wish, but you can't end the work he does," Anthony declared.

Citing city charter and civil service ordinance, Anthony said both provide for a personnel director, and that because of the "civil service red tape" the administrative assistant has for the past six years carried most of the personnel work.

Survey Demanded

In discussion that followed, Mayor Yelland repeated a statement made at previous meetings that "the cost of administration in the city is top-heavy," adding that "no personalities are involved."

Councilman Hansen countered with assertion that he favors a survey to determine whether the mayor's statement is true.

"Due to the statements and the differences of opinion, and in fairness to the city manager and to the people, I feel that it is mandatory that we have such a survey," said Councilman Cox.

All In Favor

Councilman Bink, who had voted to eliminate the position of administrative assistant by cutting his salary from the budget, declared he work would "be taken care of as it has been in the past."

(The city has had an administrative assistant since 1947.)

Councilmen LeMire and Mayor Yelland expressed themselves in favor an administrative cost survey.

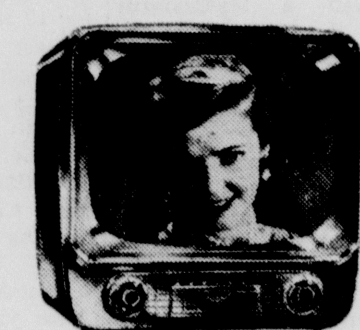

Discussion was interrupted until the budget was approved (which does not contain salary provisions for an administrative assistant) and the motion by Councilman Cox was later adopted unanimously.

Letters To The Editor

CITY GOVERNMENT

Editor
Escanaba Daily Press
Escanaba, Michigan.
Dear Sir:

Two decades ago, the City of Escanaba hired as City Manager, a young landscape engineer by the name of George Bean. Mr. Bean came to Escanaba, looked around carefully and evidently decided that the Escanaba taxpayers were "ripe rosy tomatoes—ready for plucking."

Mr. Bean threw away his pencil and bought himself a slide-rule, which I doubt whether he knew how to use. He started by forming an organization which I will call "O.P.M." (Other People's Money)—with this organization he purchased 25 memberships in the Chamber of Commerce with the taxpayer's money. This amounted to a weight that he could use over the heads of the Chamber if they became critical of his actions. If anyone on the Chamber disagreed with him—he could remove the memberships. Then George looked around until he found and purchased for the City, a secondhand boiler—which we all know became the City Steam Plant. From an engineering standpoint this was a prime example of one of the world's worst!

After this fiasco came the famous water wells, another engineering feat that will go down in history as a senseless waste of taxpayer's money. Things were pretty quiet for Mr. Bean until a Taxpayers' Committee was formed to look into matters—George decided that things were getting "too hot" so he beat it along with two of his advisors, Butts and Shank. George Bean left Escanaba taxpayers with a problem. However, before he left he managed to turn the City over to one of his pupils, another engineer and our present City Manager, Mr. Aronson, successor to Mr. Bean has diversified over a ten year period, over \$2,000,000.00 from the Electric Utility alone, as his contribution to the

Mayor Praised For Settling Walk-out

Herman Menck, Milwaukee, Harnischfeger Corporation's vice president in charge of manufacturing, has informed the Escanaba City Council by letter of his appreciation for Mayor Harlan Yelland's assistance in settling the recent strike at Harnischfeger's plants here.

The letter follows:
"I wish to inform the City Council of my appreciation for offering their services in settling the labor dispute our Company had with our Union recently in your City."

"I would be amiss if I would not mention the tireless effort your Mayor, Harland Yelland made in order to help settle this strike. I have rarely in my experience seen such personal effort by an official of the city government as Mayor Harland Yelland had done in this case and in no small measure he deserves credit for having resolved the difficulties."

"I sincerely hope that we will experience no difficulty and can continue to grow and expand our operation in Escanaba for the benefit of all employees and the entire community."

Our City Manager should spend less time, during the summer, sailing on a "lugger" getting briefed under the stars on how to spend more money during the coming winter. Let's have more management and less engineering.
Sincerely Yours,
Harold C. "Pat" Hayes

Port Authority Proposed Here

Creation of a port authority for the city of Escanaba, to meet anticipated development to come with completion of the St. Lawrence Seaway, was authorized last night by the City Council.

Mayor Harlan Yelland proposed that a committee be appointed representing labor, management, railways, business and industry, and that out of its considerations would come a port authority.

Attention of the Council was directed to the need for action in a letter addressed to the city and to the Chamber of Commerce by

ESCANABA DAILY PRESS

Sen. Homer Ferguson, who requested the city compile a list of its harbor needs requiring federal assistance.

Mayor Yelland said the appointment of a committee will be made after recommendations for appointment are received from representative groups in the city.

John Gannon, Escanaba businessman, appeared before the Council to urge creation of a port authority which would assemble "facts and figures" necessary in promoting harbor development and in protecting the city's interest.

The motion to create a port authority was made by Councilman Wesley Hansen.

Great Lakes Ports Face Task Of Improving Their Harbors

IT is extremely encouraging to note that the problem of maximum utilization of the St. Lawrence seaway is being given serious consideration by statesmen and civic leaders in the Great Lakes states.

Sen. Homer Ferguson is doing a particularly good public service in leading the movement for harbor improvements in the

light of the seaway development. Escanaba is being encouraged by Mayor Harlan Yelland and others to study possible improvements of the water facilities here.

Now that legislation has been acted to make the St. Lawrence seaway a reality, it is essential that we make the greatest possible utilization of this development. It means that if we are to benefit to the greatest extent possible, we must press for deepening channels to a 27-foot depth in the important lanes of the Great Lakes and to the harbors.

It will be some time, of course, before the St. Lawrence seaway is completed but we would be foolish indeed if we wasted the intervening time and failed to work out our own plans for maximum utilization of the new water route to ocean ports throughout the world.

Accidents At Home Not Employer's Fault

WORKMEN'S compensation laws serve society well. The laws are designed to place upon an employer financial responsibility for accidents sustained by their employees while on the job. This is as it should be and employers recognize the justice of such laws.

Occasionally decisions in compensation cases seem to stretch a long way on behalf of the injured workmen which may have prompted a Wisconsin electrician to apply for workmen's compensation when he fell down while dressing in a darkened room at home.

The Wisconsin industrial commission rejected the request and the electrician appealed to the court. He contended that he was on call 24 hours a day and that dressing for an emergency call was part of his work, therefore recoverable under the workmen's compensation act.

The court ruled against the electrician and upheld the commission. The court ruled that the electrician owned his own home and that his employer could not be held accountable for any accidents which occurred in the electrician's home.

The importance of this decision is that it prevents workmen's compensation laws from being twisted into a farcical situation to the detriment of the workers themselves.

If the Wisconsin electrician's claim had been upheld, there would be few accidents of any kind that could not be saddled on to employers. The result would be sharply increased costs of compensation insurance, a proportionately greater cost of industrial overhead and a necessary decrease in the working force.

Questions and Answers

Q—What is the basis for the Senate's seniority system?

A—The seniority system exists in two forms—one for the Senate itself, the other for Senate committees. Senate seniority is counted from the date a Senator is sworn in, except that when a vacancy is being filled the date of election or appointment is used instead. If two Senators are sworn in the same day, precedence goes to a person having served as Senator, governor or Representative (in that order). If neither has such experience, they go on the seniority list in alphabetical order of their last names. In time, a Senator may invoke his Senatorial seniority in order to transfer to committees he prefers. Once on a committee (every Senator must serve on at least two), the Senator builds up his committee seniority and gains rank as other members of his party on the group are defeated, die, resign or transfer to other committees.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—President Eisenhower has become almost grumpy about the subject of Alaskan statehood.

The other day, John Butrovich, a member of the Alaskan Senate, called at the White House to remind the President that the Republican platform called for Alaskan statehood, as well as Hawaiian, and that the Alaskan people wanted action, not promises.

"We pay the same federal taxes that are paid by the people in the 48 states, Mr. President," declared Butrovich. "But we have no voice in making the federal laws, including the tax laws."

There was an edge on Ike's voice as he shot back:

"I fully appreciate your interest, but statehood for Alaska is not a one-sided question. There are other considerations that must be taken into account."

Eisenhower didn't elaborate as to what these considerations were, but it's reported one of them is "security."

Some observers are unkind enough to point out that the White House didn't become concerned about security until after the Senate voted, 57 to 28, to approve statehood for both Alaska and Hawaii. They suggest Ike's chief worry is the probability that Alaska would send two Democratic senators to Washington.

Meanwhile, the under-the-table deal worked out between Sen. Lyndon Johnson, the Democratic leader, and Sen. Bill Knowland, the Republican, still seems in effect. The deal is for Johnson to appoint "weak" Democratic senators to the conference committee between the House and Senate. These "weak" senators would agree with the Republicans to knock Alaskan statehood over the head and OK Hawaiian statehood only.

DAN WANTS TO DEAL

Uncle Dan Reed, powerful chairman of the ways and means committee, is trying to make a deal with the White House to kill reciprocal trade.

The New York congressman has secretly offered to help put the President's social-security program through Congress if Ike, in turn, will abandon his campaign to liberalize the reciprocal trade agreement. A lot of business firms object to reciprocal trade, claim that tariffs are already too low.

The shrewd Reed has been dragging out the hearings on the social-security program, waiting for a White House answer to his blunt proposal.

So far—no answer. So far, Ike hasn't agreed to pull his punches on foreign trade, chiefly because of pressure from the President's Wall Street backers who want to ease trade barriers.

But Ike's political advisers feel different. They point out that the social-security program is worth several million votes. And it's extremely doubtful, they also argue, that Ike could ram both social security and reciprocal trade through Congress over the formidable opposition of the stubborn, 79-year-old chairman of the ways and means committee.

CHANGING MCCARTHYITE

There is nothing I like to do more than admit I made a mistake about a man whom I have criticized, and who turns out to be better than I thought.

Such a case is that of Robert E. Lee, a friend of Joe McCarthy's, appointed to the Federal Communications Commission after vigorous Senate debate and after criticism by me on the ground that he was shown up in a Senate investigation as having played an unsavory role in the Maryland elections in 1950. This was the election where Senator Tydings was defeated after McCarthy poured in Texas-Chicago Tribune money and used a fake photograph of Tydings and Earl Browder.

Young Commissioner Lee remarked to a friend the other day: "I was appointed to government under a cloud. But I hope to be like Hugo Black. When Black was appointed to the supreme court, it was brought out that he had been a member of the Ku Klux Klan. Despite that, he became a great justice."

"In a small way," said Lee, "I hope I can do on the FCC what Black did on the Supreme Court."

While you don't win a mile race with a hundred-yard dash, Commissioner Lee seems to be trying hard to achieve his goal.

Speaking before the Industrial Communications Association the other day, he told them the government could not set aside certain wave-lengths for factory communication.

"It would be like the impossible task of allocating public roads for the exclusive use of individual trucking and transportation companies," Lee said.

Commissioner Lee's advice was: "Use Western Union, Bell Telephone and normal business channels instead."

More recently, Lee has started a quiet campaign against wiretapping. The record of a tapped telephone conversation, he points out, can be changed. It can be cut and distorted, just like the cropped photo of Secretary of the Army Stevens and Private Schine.

This is something, argues commissioner Lee, which Attorney General Brownell didn't realize when he proposed the legalization of wiretapping.

When bathing beauties are on the beaches again it will be hard to remember which magazine cover they remind you of.

Russians Recite Bobby Burns, Bring On Girls To Woo British

By TOM A. CULLEN
NEA Special Correspondent

LONDON—(NEA)—When the Russian coal miners started quoting Bobby Burns to the Scottish coal miners, it was evident the Russians would stop at nothing to woo the British.

They've even thrown sex appeal into the offensive, with a Moscow ballet company packing them into London halls.

Never has this country seen such an influx of Russian visitors businessmen, trade union delegates, puppeteers, scientists, even chess players. Some samples:

Trade: M. Nesterov, president of the Soviet All-Union chamber of commerce, is heading a large Russian trade delegation expected to arrive in London in September. A half billion dollars' worth of trade annually is the bait Nesterov will dangle before British eyes.

That the British are biting is seen from the fact that over 120 British businessmen have made the trek to Moscow so far this year in search of orders. Orders for more than \$100 million have been placed in the first quarter of 1954.

Conferences: The Russians never miss an opportunity to attend conferences held in Britain, no matter how insignificant.

Recently, members of the Royal Sanitary Society were startled when a Soviet delegation of four marched into their annual meeting. The members listened fascinated, but puzzled, while a professor described how Soviet workers are "transforming" the frozen tundra of Siberia. No one seemed to know what Siberia had to do with sanitation.

But the Russians haven't forgotten how to pour trouble on oiled waters either. Recently the Soviet delegation nearly wrecked

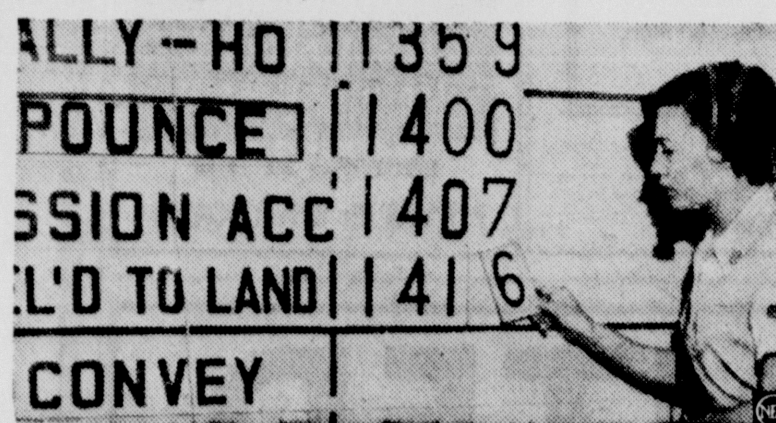

RUSSIAN BALLET DANCERS IN MUFTI: British critic thought long dresses made them more demine than Hollywood girls.

a 31-nation conference on oil pollution by demanding that China be seated.

Dancers: The Russians have sent chess masters to an international tournament here, a puppeteer to entertain the kiddies; they have invited Britain's crack soccer team to Moscow—they have even sent greetings to the Annual Assembly of the Baptist Union. But the biggest hit with the British public so far has been a troupe of Russian dancing girls now performing in London.

She Spots 'Unknowns'

AIRMAN SHEILA BAKER: It could be the last 20 minutes.

By NEA Service
SAN FRANCISCO —(NEA)—Communing with "unknowns" almost daily, and somewhat of an unknown herself, is WAF Airman Second Class Sheila Baker.

Yet she may be called upon one day to chart an action which could determine whether an enemy force would be destroyed, or that thousands of Americans would die if it were not.

It could all be over, one way or another, in the short span of 20 minutes.

Sheila, who comes from Royal Oak, Mich., is one of many on similar assignments across the U.S. in Gen. Benjamin W. Chidlaw's Aid Defense Command.

A quietly efficient girl, she works a shift in the round-the-clock Combat Operations Center, of the 28th Air Division, at Hamilton Air Force Base, Cal. She marks up the jet-speed story of actions resulting each time an unidentified plane rambles into the 28th sector.

The velocity at which a modern plane can make such an entry demands equal reaction in getting friendly pilots aloft for interceptions and identification.

To Sheila, and to all Americans, it is tremendously important that the elapsed time between "airborne time" and "pounce" be small. It is a relief when she enters the time for "relieved to land," which signals the mission complete.

"Tally-ho" notation is the time the intruder was sighted, and "pounce" means the pilot is in contact, demanding satisfactory identity as friendly, or shooting, if he is otherwise.

These 20-minute tidbits of Sheila's daily life mean as much to you as they do to her.

If one of her "unknowns" turned out to be an enemy, Sheila might be charting the last 20 minutes of many lives—including her own—unless the interception was successful.

The girls, mostly blonde and aged from 17 to 28, at first balked at drinking a toast to Anglo-Russian friendship in sherry, but when told that Margot Fonteyn (Britain's premiere ballerina) always toasts in sherry, they reluctantly sipped a teaspoonful each.

As for their performance, some critics thought the girls had introduced a new note of sex-appeal, even though they wore high-waisted dresses reaching to the ground. The Sunday Express critic may have strained his eyes, if not a point, in writing:

"By clothing the girls from throat to foot they were rendered more feminine than anything Hollywood ever achieved with undress. We watched their faces, not their legs."

So They Say

I think (Dr. J. Robert) Oppenheimer is a first-class man and I would go his bond for any amount. —Sumner Pike, ex-AEC chief.

I am sure that if United States troops come into Indo-China now, there will be a new war.—Christi Pineau, chairman of the French Parliament's Defense Committee.

I am against sending American G I's into the mud and muck of Indo-China on a blood-letting spree to perpetuate colonialism and white man's exploitation in Asia. —Sen. Edwin Johnson (D., Colo.).

If the situation in Indo-China deteriorates, it would not be necessary for the U. S. to send troops into the war. There are ample non-Communist Asians that could be used. —Senate Majority Leader Knowland.

I am against direct American intervention (in Indo-China). It would be for you (U. S.) a bad and difficult war, and it would be a danger for general peace. Even the use of planes with American pilots would be dangerous. —Christian Pineau, chairman of the French Parliament's Defense Committee.

Good Evening...

By CLINT DUNATHAN

THE FRIENDLY TOWN—Through a friend there comes to me the story of the young couple who came to Escanaba from a Wisconsin city and the young wife promptly decided she didn't like: 1—Escanaba; 2—Its people; 3—Any part of Northern Michigan.

The young wife did not like Escanaba, she reported, because the shops were not as good as those she had known in the city; the people, she said, were "unfriendly" and as for the countryside in general—it was too "wild" and "woody."

The young husband, however, got along famously in the community. He made friends easily, enjoyed his work, and took to the hunting and fishing with gusto.

My friend's comment probably explains the whole situation, from the viewpoint of the wife's problem: "She told me she was waiting to be sure she got in with the right people—and I suggested that perhaps she had already lost the opportunity."

MANY OPPORTUNITIES—Newcomers to Escanaba are offered many opportunities to meet local people and make new friends.

Attendance at church will open doors to friendships; the Red Cross, Cancer Society, Salvation Army and other service organizations are looking for volunteers; if there are children in the family there are PTA meetings to attend; and all else failing the newcomer (if a lady) can drop a handkerchief on Ludington Street. Gallantry is not dead in the community and she will meet quite a few local men by that method.

Perhaps the first place to turn, if you feel in the need of friendship, is the Newcomers Club, an organization dedicated to making you feel at home through meeting other newcomers.

For information concerning the Newcomers Club at its programs, call Mrs. Michael B. Jensen, 602 Lake Shore Drive.

We know "newcomers" who have lived in Escanaba for several years and they find the Newcomers Club so enjoyable they are still members—helping later arrivals make friends in the community.

MEETING PEOPLE — Persons both old and new to the community who adopt an attitude of superiority will find the friendship trail beset with many difficulties.

To look down upon the town that is now your home will not help you appreciate its many fine qualities. The critical approach will chill any friendly overtures by local citizens.

Requisite to acquaintanceship (if not friendship) is to meet people. This cannot be done by holding your mouth in a straight line, refusing to speak to neighbors, and rejecting invitations that come your way.

Meeting people is one of the easiest methods to friendship, and it can be done only by demonstrating that you are a friendly and amiable personality. A smile, a nod, a cheery greeting (although it may concern only the state of the weather) reveal the kind of person other people like to know.

CASE HISTORY—There are problems—political, economic, social and cultural—in every community. But they cannot be solved by unconstructive criticisms voiced by persons without a working knowledge of local forces and local people.

Better for the newcomer to accept his new home as it appears on the surface, learn as he lives, and then become active in local affairs as he is invited.

Through friendship and full awareness of the local situation he can be helpful; but he will find himself ignored if he pushes officiously into affairs about which he has many opinions and little background.

How you accept your town is the basis for the people's acceptance of you.

In one Upper Peninsula town this spring a two-term mayor was defeated because (although a likeable chap and a resident for 10 years) he had been heard to remark: "These Hicks would elect any smart stranger that came to town."

This man's attitude revealed that although he had resided in the town for a decade, had been given the highest honor its citizens confer—he was still no more than a political opportunist and not deserving of their trust and respect.

Tomorrow is the day that always gets here just after you have today's various problems all figured out.

The average person is just as good as his word—if he doesn't talk too much.

The Doctor Says... Hormones of Pituitary Gland Are Aiding Medical Science

By EDWIN P. JORDAN, M. D. — Written for NEA Service

A small gland called the pituitary lies on the underside of the brain at the base of the skull. This gland secretes several important hormones which are necessary for the development and function of various organs.

One of these hormones, which is secreted from a portion of the pituitary body or gland, acts on another important internal gland called the adrenal. There are two adrenal glands which are also small and which lie close to the two kidneys.

THIS PITUITARY hormone activates or stimulates a portion of the adrenal glands and is called adrenocorticotrophic hormone, or ACTH for short. Apparently without the stimulating action of the secretion from the pituitary gland, important hormones of the adrenal glands are not formed in sufficient amounts.

All this sounds a little complicated and, of course, it is. However, the last few years have made this subject of practical importance. Several different diseases are now being successfully treated both with the adrenal secretion, which is called cortisone, and the stimulating pituitary secretion ACTH.

BOTH THESE hormones have remarkable effects, many of which are still not too well understood. Both substances are being used in some eye diseases, arthritis and a number of other conditions, some of

which have not up to this time responded well to other forms of treatment.

Medical science has known for many years something about these glands of internal secretion and of the hormones which they produce. However, the discovery of the extraordinary effects of these two hormones on many actions of the human body and on some of the body's diseases has caused a great deal of excitement among medical men.

UNFORTUNATELY, THIS gland can also become the site of a tumor. In this connection one correspondent wrote that her husband had had such a tumor removed, and although his vision had been seriously impaired before the operation, it was almost completely restored afterwards.

However, the operation resulted in some change in his features and other complications, although he has continued to hold a responsible position and outwardly to lead a normal life.

This was indeed a serious operation, but apparently the whole tumor was removed, although the pituitary gland was removed with it, no doubt. It is not possible to transplant a new pituitary gland, so that quite possibly in the future it will be necessary to supply the patient with some of the hormones which the pituitary ordinarily secretes.

This is a problem for the physician, the patient and his family to meet with the greatest intelligence and courage.

Bishop Crowned At Grand Rapids

GRAND RAPIDS (AP)—The Most Rev. Allen James Babcock, seventh bishop of the Roman Catholic diocese of Grand Rapids, has assumed spiritual leadership over 120,000 confessors of his faith in solemn and majestic rites in St. Andrew's Cathedral.

Climaxing an installation ritual made impressive by the tradition of centuries, Bishop Babcock received the golden crozier, symbol of authority, from his eminence, Edward Cardinal Mooney, archbishop of Detroit.

Vacant Since August
Thus was occupied again the bishop's throne in the cathedral, vacant since the death last August 29 of the Most Rev. Francis J. Haas. The diocese includes 29 Western Michigan counties.

In his sermon Cardinal Mooney stressed "the beneficent influence of religion in all human activity." "Bishop Babcock," Cardinal Mooney said, "will be a bishop in the age-old tradition of a church which emphasizes the application of the moral principles of religion to business and industry, to the operations of organized capital and organized labor as well as to the private life of individuals."

More than 300 bishops, monsignors and priests formed the procession of clergy. Bishop Babcock, vested in a gold covered cope and wearing the mitre, followed the other members of the hierarchy into the church.

He heard the reading of the Papal bull, official document of appointment, while seated on a foldstool.

Reception Sunday
The pontifical mass was celebrated by the Most Rev. Joseph H. Albers, D. D., bishop of Lansing.

In a brief address Bishop Babcock called upon Western Michigan Catholics to become "witnesses of Christ in the factory or office, or hospital or school where you work, on the street where you live, employers to employees, husbands to wives, wives to husbands, parents to children."

Former auxiliary bishop of the Detroit archdiocese, Bishop Babcock was appointed bishop of Grand Rapids March 31. A Michigan native of Bad Axe in Huron County, he is 55.

A civic reception in his honor will be held Sunday.

STREET ROD

THE STORY: Ricky Madison's car craze at the age of 16 is a source of worry to his parents. Not only do they fear an accident from reckless driving, but they do not believe Merle Connor, a disreputable mechanic, who is helping Ricky build his "hot rod" is a good influence.

XI
Two weeks later Ricky drove down to Merle's after supper as usual. The big door to the garage was closed. Ricky blew his horn, but Merle didn't open up. Frowning, Ricky got out of the coupe and walked around to open the door himself. That's when he saw the FOR RENT sign propped in the window.

Ricky looked around helplessly, but there was no one to explain. Slowly Ricky got back in his car and drove to Merle's house. The old truck was in the yard, and several ragged little children were playing on it. Ricky climbed sagging steps, and knocked on the front door.

The door was opened by Merle's wife. She was a tired-looking woman with straw-colored hair and a pasty complexion. She was in her bare feet, and wearing a shapless old print dress with a tear in the side. When the door opened a heavy smell of dirty bodies rushed out.

"I'd like to see Merle," Ricky said.

Connor's wife looked at him for a moment. "He's inside," she said. Ricky followed her, wrinkling his nose against the smell. There were dirty clothes thrown all over the place. The broken couch in the living room was covered by an old sheet, and there was a baby lying on it, fighting with a swarm of flies for possession of its bottle.

"Merle's in there," Connor's wife nodded toward the back room from which guitar and singing sounds came.

Ricky went to the doorway and looked in. Merle was sitting on a chair with his feet stretched out to rest on the bed. He was dressed in baggy coveralls, and the greasy, red leather cap was on his head. He sang with a cigaret in his mouth.

Ricky waited until Merle had finished his song. "Hi, Merle, I stopped by the garage..."

Merle turned his head. He stared at Ricky with bloodshot eyes that were angry and mean. Merle's head sagged, and he mumbled to himself. Suddenly he looked up again, his face a dark red. "You ever hear of the Connor - Madison?" he asked, squinting at Ricky.

Ricky laughed hesitantly. "Good old Connor-Madison," he said. "Boy, that's a car that will be a car. It'll be the talk of the state when we get through with it."

Merle picked at his guitar, listening. Then he looked at Ricky as though he hadn't seen him before. "Sprout," he said thickly, "you better get out of here. Because if you don't I'm gonna mash your face in."

"But Merle..."

"Git out!" Merle slammed his hand against the guitar. "Git out or I'll kill you!"

Ricky backed up hastily. Merle roared and bawled, hitting his guitar. Mrs. Connor padded to the front door and opened it. "I don't know what you done to Merle," she said. "But he sure has it in for you."

Ricky went out and got in his car. Just before he started the motor, he heard Merle start to sing again. Another mournful

hillbilly tune. There were real tears in it.

A small dirty face tried to peek in Ricky's window. One of Merle's kids.

"This your car?" a shrill voice piped.

"Yeah."

"Is it a hot rod?"

Ricky looked at the smugged, wondering face and nodded. "Yeah. A Connor-Madison."

"Con-nor?" the child shrieked, unbelieving. "It's a Ford. Connor's my name."

Ricky drove away with two sounds in his ears. The shrill child like voice screaming, "It's a Ford!" and the tearful chant of Merle Connor singing a song about death in the hills.

Merle was out of business again. There would be no more chores around the garage, no more work on the coupe, no more plans about the Connor - Madison. Another reason for his parents to say, "I told you so." Something else for his friends to kid him about.

Habit directed him to the town square, and the Delville Drug. They'd know about Merle's failure. They'd be waiting to rib him about it.

Ricky's mouth tightened. Why run away? He didn't have anything to be ashamed of. It wasn't his fault Merle had failed. And they had done a lot to the coupe.

Already on the defensive, prepared for an attack, feeling betrayed and belligerent, Ricky parked in front of the drugstore. He raced his motor before turning the key. Let them know he was there and not ashamed of anything.

A quick look around as he entered showed they were waiting for him. Sherm, as usual, had his big face stuck in a comic, but Jerry, Chub and Link were standing by the magazine rack, talking. Sharon was in a booth talking to a red-haired girl.

"Well, look who's here," Link exclaimed, simulating great wonder. "We thought you'd moved away."

"You know I've been busy," Ricky said, joining the group.

"How you coming?" Jerry asked.

Ricky shrugged. "I was coming fine, until today."

Jerry nodded. "I heard Merle lost his place. Too bad."

"Yeah," Link added. "How is that shot rod of yours? Will it run without a tow yet?"

"It will run the wheels off that gook wagon you're pushing," Ricky said.

I FELT ALL RUN DOWN BEFORE I DISCOVERED O-JIB-WA BITTERS

"I wouldn't take a thousand dollars for the good O-JIB-WA has done me," says Mr. Nelson Sanford, 4736 First St., Columbiaville, Michigan. "I am happy to tell everyone what it has done for me."

"For five months I had been bothered with stomach trouble and felt completely run down. When I sat down at the table, nothing would taste good or even look good. I could hold in one hand all that I would eat in a day and that would turn to gas and pain me. When I would go to bed at night I would toss and turn and never get a good night's sleep. In this time I had lost about twenty pounds and was feeling worse all the time.

My system was full of poison and I guess it was just getting the best of me. Then I decided to try O-JIB-WA BITTERS. I had heard of so many people that it had helped and when I look back I think that was the happiest day of my life. In just one week I felt like a new man. My appetite improved and I was able to eat anything I wanted without fear of suffering from gas pains and indigestion. I could sleep like a log and I began to feel better all around. All together I have only taken three bottles of O-JIB-WA BITTERS and it has helped me so much that I wouldn't take a thousand dollars for the good it has done me."

Alfred Liberty Dies Suddenly

MANISTIQUE—Alfred Joseph Liberty, 58, 234 Deer St., Manistique, construction foreman for the Prokosh Construction Co. of Iron River, died at 9:15 p. m. Thursday at Schoolcraft Memorial Hospital. He was taken ill suddenly while at work earlier in the day.

He had been located in Manistique, engaged in the construction of a bridge on M-94, the past year.

The body was taken to the Messier-Broulliere Funeral Home and will be removed by funeral coach this evening to the Buchanan Funeral Home at Iron River. Services will be held there.

Mr. Liberty, who had lived in Iron River since his early youth was born in Spalding Aug. 19, 1895. His work as construction foreman for the Prokosh Co. during a period of 35 years, took him to all parts of the Upper Peninsula.

He married the former Grace Vandervest in Powers May 5, 1921.

He was a member of St. Francis de Sales Church, Manistique.

Surviving are his wife, one daughter, Mrs. Shirley Manderfield, Manistique, one grandchild, a brother, Victor, who is in New Jersey, and two sisters, Mrs. Eva Meyers and Mrs. Aldia Burke, Iron River.

Courtesy Tickets For Out-County Licenses Approved

As a matter of policy and without amending the city's parking meter ordinance the Escanaba City Council last night approved the issuance of "Courtesy envelopes" to those motorists from outside the county who are found to be parking overtime.

The visitor from other than Delta County who violates the parking meter ordinance will receive an envelope containing a courtesy card, and requesting that he enclose 25 cents and mail the envelope to the Escanaba police department.

Councilman Edward J. Cox voted "no" to the motion by Councilman Wesley Hansen, contending that it discriminates against local people. "We have an ordinance and we should live up to it," he said.

(Under present policy anyone receiving an overtime parking ticket must pay 50 cents penalty.) Mrs. Leonard Vater, in response to a request by the Council for comments from the audience, suggested that courtesy envelopes be issued for all violations, to both local and out-county residents. If the envelopes containing the fine are not received within a specified period the motorist is subject to summons.

With exception of Councilmen Cox, the Council favored the courtesy envelope plan for out-county motorists. Councilman LeMire declared that "good tourist relations" are becoming increasingly important to Escanaba and other Northern Michigan communities.

Palbearers were Cliff, Robert, Joseph and Dan O'Donnell, Roy O'Brien and Michael Jensen.

Those attending the funeral included Mr. and Mrs. I. R. Mackin, Mr. and Mrs. James Marquardt and daughter, Mary, Mr. and Mrs. Jerome Stache and Grace Gallagher, Green Bay and Mrs. Walter McCauley and Emmett McCauley, Milwaukee.

Funeral services for James McCauley were held at 9 a. m. today at St. Patrick's Church with the Rt. Rev. Msgr. Martin B. Melican offering the Requiem High Mass. Father Francis A. Hollenbach officiated at the rites at Holy Cross Chapel.

Funeral Services Held In Munising For C. H. Slater

C. H. SLATER

MUNISING—Funeral services were held Wednesday afternoon here for C. H. "Bill" Slater, 63, a lands examiner with the state department of conservation the past 29 years, who died of a heart attack Saturday while fishing near Au Train. The Rev. Herbert Ingraham, pastor of the First Methodist Church, officiated. Interment was in Maple Grove Cemetery.

Born in England, Sept. 19, 1890, Bill came to Munising when he was five and continued to make his home here. A World War I veteran and a survivor of the Feb. 5, 1918 torpedoing of the troopship Tuscania off Ireland, he had attended the Wyman School of the Woods here in 1913-14 and later the School of Forestry in Chicago. He joined the conservation department in 1925 and worked all through the two peninsulas.

His wife, Margaret, formerly of Stephenson, and a sister, Miss Fannie Slater, Detroit, survive him.

Consider Extension Of Airport Runway

Acquisition of additional land by the city to extend the east-west runway at Escanaba airport, reportedly at a cost of \$7,500, was tabled last night by the City Council to a special meeting to be held May 28.

This will give additional time for consideration and to receive a report from the Escanaba Chamber of Commerce airport committee.

Mayor Harlan Yelland advised the Council that he understands there is to be the selection of one Upper Peninsula airport to be equipped for instrument flying.

Which airport is to be selected the mayor did not know, but he said that Escanaba "is in the top two or three rated as desirable" for such development.

"We need this property to extend our east-west runway if we are to qualify," he added. "I hate to see us lose out."

Thaekens killed the snake and walked a mile to the clubhouse. Pro Ben Graxiola of the Pittsburgh Golf and Country Club rushed him to a hospital.

Suction appliances were used all night to draw out the venom. Doctors said the captain would recover.

Palbearers were Cliff, Robert, Joseph and Dan O'Donnell, Roy O'Brien and Michael Jensen.

City Buys Materials For Blacktop Paving

Preparation for the start of the summer blacktop street paving program in Escanaba the City Council last night approved low bids to supply paving materials, and set the date of June 4 for hearing objections to the paving improvement on a list of streets.

Standard Oil Company was awarded the contract to supply the city with 160 tons of asphalt for \$3,779.20, and Great Lakes Asphalt and Petroleum Company the contract for supplying paving emulsion at a price of \$832.80. Both were low bidders.

The following streets are scheduled for blacktop paving improvements this year:

15th Ave. N., Stephenson to Washington Ave.; 19th St. S. 8th to 9th Ave.; 16th Ave. N., and 15th Ave. N., Sheridan to Stephenson; 20th St. N., 14th Ave. to ore docks; 15th St. S., 10th to 11th Ave.; 18th Ave. S., Lake Shore Drive to Grand Ave.; 19th St. N., 12th to 15th Ave.; 11th Ave. S., 15th to 16th St.; 7th Ave. S., 13th to 14th St., and 17th to 20th St.; 18th St. S., 7th to 8th Ave.; N. 23rd St., 12th to 14th Ave.

In other business the Council adopted a resolution for installation of a water main on 25th Ave. S., Sylvan Point.

to an adjoining bedroom and attacked Capt. Wessler, believing he was Cofran. When he learned of his second mistake, he went upstairs to the attic where Cofran slept on a spare bed. Cofran was then bludgeoned with the axe.

Girl In The Case
Then the slayer set fire to the house and fled.

Canfield recalled what he said were the following facts in the investigation which prompted him to push the charges:

Leech had been friendly with a German girl secretary who was discharged by Cofran. Cofran also cancelled an order which would have provided business funds to her father "and financially ruined the old man."

An axe identified as one usually kept in the basement of Leech's home was found by German divers in the river at Passau shortly after the killings.

CHANGE OF VENUE
FAYETTEVILLE, Ark. (AP)—A drunk staggered into the county jail and demanded to be arrested and thrown into jail. The sheriff was willing to oblige but asked the man why he wanted to be clapped behind bars.

"I'm going to keep them damned city police from getting me," he replied.

Women's Activities

Annual Concert Drive Will Close Saturday Noon

The Delta County Community Concert Association membership drive will close tomorrow noon. No memberships will be available after that time. Persons who have not been contacted personally may obtain memberships by calling Mrs. Joh Luecke at the Chamber of Commerce office, phone 3147.

Eighty-five volunteer workers have been contacting prospective members all week, to make this the most successful concert year in the history of Community Concerts in this area. Season memberships are sold for three concerts to be presented here, and will permit holders to attend concerts in any other town where Community Concerts are being given.

Only one concert has been definitely decided upon to date. The Royal Winnipeg Ballet will appear in Escanaba during the 1954-55 series. The remaining two concerts will be announced later, as soon as the board meets to make the selections.

Office hours at the Chamber of Commerce are from 9 a. m. to 5 p. m. daily, closing tomorrow at 12 noon.

Adventists Reach Goal In 1954 Missions Appeal

Soliciting members of the Escanaba Seventh-day Adventist Church have now reached their 1954 Missions Appeal goal, reports Pastor R. E. Eckerman.

"The successful conclusion of our appeal," he declared, "was made possible by a community that has proved itself interested in the well-being of its fellowmen, regardless of race, nationality or creed." He pointed out that the funds received would be used with equal indiscriminate for the betterment of mankind.

Last year's appeal throughout North America brought in \$3,715,000, Pastor Eckerman stated. To this amount, members added from their own pockets \$56,000,000 to support church as well as missions, medical, educational, and welfare work in 197 countries of the world.

Class Night Held At Rock School

ROCK—The combination of Class Night and Exhibition Night brought a large number of parents and other interested persons to the Rock High School Tuesday evening.

The Class Night exercises were enjoyed by all especially the reading of the will and the class prophecy.

Gifts Presented — The gift to the school from the Senior Class of '54 is a television set, which has been set up for some time. Victor Mankiewicz, class advisor, who is an ardent sportsman, was presented with a 32 Winchester rifle, and Miss Lois Hilleren, chaperon on Skip Day, also was honored with a gift.

Before the program many a child was proudly showing his accomplishments during the year in his room. The parents also had a chance to visit with the teacher in each respective room.

Displays Well Arranged — The rooms were very well arranged to display to the best advantage the work of the students for the past school year. The work of the High School students was on display in the Science room upstairs. A wonderful assortment of booklets put together by the students made up the greater part of the exhibition upstairs.

Some beautiful work from the shop room was on display on one side of the gym. Persons who had not had a chance to visit the rooms before the Class Night program, did so afterward.

SEEING IS BELIEVING!

see how FRESH!

"Squeezing" may fool you because softness is not a true test of freshness. But with Jane Parker Bread there's no need to "squeeze", no need to guess — just look at the date!

The date on the wrapper is your guarantee of "proven-fresh" flavor. This is important because when freshness fades, flavor fades.

see how NUTRITIOUS!

Like all modern breads, Jane Parker White Bread is ENRICHED for better nutrition.

The complete list of health-giving nutrients, including generous amounts of Sunshine Vitamin D and healthful calcium, proves that penny for penny Jane Parker gives you more vitamins, calcium, iron and protein than any other of America's 10 leading brands!

see what VALUE!

Maybe you don't quibble about pennies when it's quality you want. Fine. But why pay more than you have to?

Jane Parker offers you real savings on a bread that's made of the finest ingredients (we actually pay premium prices for many of the most important ones).

Will Continue Registration of Pupils Next Week

Registration of pre-school students will continue this coming week, Monday through Thursday, and is for children who have not previously visited the kindergarten.

For children who will attend the Central School kindergarten enrollment will be during regular school hours, 9 to 11:15 in the morning and 1:05 to 3:15 in the afternoon.

At the Buckeye School the days will be the same but registration will be afterwards only from 1:05 to 3:15. Children who will attend the Buckeye School should enroll there.

Many pre-school children have recently been brought to the school which they will attend and it is not necessary for these children to again visit the school.

Registration of children going from kindergarten to first grade also is unnecessary.

All other enrollment of grade pupils or high school students should be made at the office of Supt. Wallace C. Cameron during regular office hours.

100-Year Interest Goes To The Church

LYNN, Mass. (AP)—The 100-year-old Washington Street Baptist Church has put away a 100-year time capsule with a new twist.

Among the items to be seen next in the year 2054 are forecasts by local bankers as to the highest interest rates that will prevail in the middle of the 21st Century.

A bank book showing a \$10 deposit has been included and the best forecaster—or his bank—will get the \$10. Interest on the money will go toward the 200th anniversary celebration of the Washington Street Baptist Church.

GLADSTONE

Family Crusade At Bethel Free Church To End Sunday Night

"If America as a nation is to be saved, the family must return to daily practice of the old-fashioned family altar," the Rev. C. C. Larson of Minneapolis, holding a series of meetings at the Bethel Evangelical Free Church of Gladstone, said here today.

Larson, youth evangelist for the Evangelical Free Church of America, spoke to 35,000 young people in 1953 as he traveled 45,000 miles in 18 states. A young man himself, his services are full of illustrated truths which put across the Gospel facts to young and old alike.

The outstanding sound film, "The Bible on the Table," which is one of the strongest portrayals of the need of a return of American homes and families to the practice of Bible reading and prayer is to be shown tonight at 8 in the Bethel Church of Gladstone. All are invited and there is no admission charge.

The Family Crusade will continue on through Sunday evening. Saturday night the colored film, "The Tale of Two Villages," filmed in Congo will be shown. Services Sunday will be at 9:45, 10:45, 3:00 p. m. and 8:00 p. m.

The Sunday afternoon service will be for Sunday School workers, teachers, and pupils rally.

At the closing service, 8 p. m. Sunday, the great Gospel truth of the "Second Coming of Christ" will be presented in song and illustrated sermon.

Missionary To Speak Sunday

The Rev. E. C. John, Area Secretary for Asia for the General Missionary Board of the Free Methodist Church, will be guest speaker at the Gladstone Free Methodist Church at morning services at 11 Sunday.

Following World War II, Mr. John spent one and one-half years in rehabilitation work in Japan. His outstanding contribution to the Free Methodist work in Japan was the reorganization of the church government and the re-opening of the Bible school after the destruction of ten campus buildings by war bombs. This school now carries an enlarged program, and is officially registered with the government as the Osaka Christian College. Students meet in a complete new set of campus buildings made possible by gifts from the Japanese and American churches.

Mr. John brings to his varied responsibilities as Asia Secretary the experience of his fifteen years as pastor in and district superintendent of the Pittsburgh Conference of the Free Methodist Church.

His message regarding the needs and opportunities in the Orient today will give any congregation a new and fresh insight into world affairs. The political situation in

Women Bowlers Select Officers

Josie Kinkella was elected president of the Gladstone Woman's Bowling league at the annual election marking the windup banquet recently. She succeeds Mrs. Hazel Gillis to the office.

Mrs. Gus DeHooghe was named 1st vice president, Mrs. Theresa Kennedy 2nd vice president, Mary Wilfong recording secretary, Grace Waeghe treasurer and Ruth Hamilton sergeant-at-arms.

Awards were made at the meeting, the Marble Arms receiving the trophy while pins went to members of Rens and Hughes Motors teams. Pins also were presented to Lucille Miller for high series, Josie Kinkella for high average and Gerry Domes for high game. Marcella Robare got the award for winning the sweepstakes.

Trinity Guild Has Cotton Style Show

New ideas in round-the-clock fashions from cotton bags were featured in the fashion show presented before members and guests of Trinity Guild at Trinity Episcopal Church Wednesday night in conjunction with a card party.

Outfits modeled from the cotton packaging of feed, flour and fertilizer were modeled by local women and girls, while Mrs. H. J. Miller described fashion details.

Mrs. Miller stressed the contribution cotton bags was making to the home sewing. Fashions for all hours were included in the showing.

Among the models were Ruth Anderson, Mrs. W. A. Aasve, Sharon Miller, Mrs. Sylvester Martin and daughter Judy, Mrs. Robert Adams Jr., Cynthia Apelgren, Susan Schram, Karen Klinck and Mrs. E. A. Lawin.

Staff Installed By Central PTA

Installation of officers was held by the Central Parent-Teachers Association at the final meeting of the year held this week at the High School Assembly room.

Mrs. William Sepic assumed the office of president for a second year. Others on the staff are Mrs. Gene Thorbahn, 1st vice president; Mrs. Harold Apelgren, 2nd vice president; Robert Hupy, secretary; Mrs. LeRoy Hamilton, treasurer; Miss Lois Borne, historian, and Mrs. John Norton Jr., program chairman. Mrs. R. A. Watson served as installing officer.

A report on the recent PTA conference "workshop" held at Menominee was given by Mrs. William Sepic.

During the evening entertainment was provided by 5th graders of Carl Westback who presented a puppet play, a Hawaiian Dance and sang "Ship Ahoy."

The association voted to buy some baseball equipment for use at the Central Playground this summer.

Lunch was served in the Home Ec room by a committee composed of the Mmes. Leo Weingartner, John Erickson, Al Mortier, Clarence Royer and William Sundling.

Tom Brewer Head Of Student Council

Tom Brewer was elected president of the Student Council of Gladstone High School at the election held yesterday. Brewer will be a senior next fall.

Walter Houghton was chosen vice president, Nancy Hall secretary and Dennis Artley treasurer. Houghton and Artley will be juniors and Nancy will be a sophomore.

Brewer will succeed Duane Peterson to the office.

Little Marie Dionne Of Famed Quintuplets Now Catholic Sister

By BERTRAND THIBAUT
Canadian Press Staff Writer

QUEBEC (AP)—The growing separation among the world-famed Dionne quintuplets will be emphasized once more next Monday when one of them will put aside her given name and replace it with a religious one.

On that day, Marie Dionne will join the habit of a novice in the Roman Catholic order of the Servants of the Blessed Sacrament.

At a morning service in the convent here, the other four sisters—Yvonne, Annette, Cecile and Emilie—will watch through a forged-iron grillwork as their sister and two other postulants put on the white wool tunic, the scapular and the white cotton veil of a novice.

After a two-year novitiate, Marie will take vows of poverty, chastity and obedience if she decides to remain in the order.

Meanwhile the four other sisters go about their own lives. Yvonne is studying fine arts at a Montreal convent of the Notre Dame Congregation while Cecile, Annette and Emilie are learning domestic science at a Nicolet, Que., convent run by the Sisters of the Assumption.

Auto Workers Get Last Raise

DETROIT (AP)—More than a million auto workers shortly will get an automatic five-cent hourly wage increase. Salaried workers will get a corresponding increase. First boosts go into effect May 29.

The increase—the so-called annual improvement factor—will be the last of its kind under the current five-year contracts between virtually all auto makers and the CIO United Auto Workers. The contracts expire in 1955.

General Motors Corp. Workers will get the raise on May 29 and those of Ford Motor Co. and Chrysler Corp. on June 1. Numerous other similar contracts provide for like increases throughout the industry.

The raises are designed to pass on to workers gains from improved tools, methods and other technological advances.

Where can we buy whales' teeth?

What is the name given to collectors of matchbox labels? They're called philuminists.

G. S. Johnson Is Candidate

A petition was filed Thursday in the office of the county clerk for Gottfried S. Johnson, of Manistique, candidate on the Democratic ticket for nomination as prosecuting attorney in the primary Aug. 3.

Johnson's petition is the first filed. Nominees for governor, lieutenant governor, congressman, state senator and representative and county officers will be voted upon in the primary.

Deadline for filing petitions is June 15.

Driver Is Held After Accident

William Milton Cousineau, 42, of Rte. 1, Manistique was being held in Schoolcraft County jail Thursday, pending appearance in justice court today, following an accident at 11:30 p. m., Wednesday in which his car was demolished after it overturned near the Tannery Location.

Cousineau was arrested by city and state police at his home, on charges of drunk driving and driving with a suspended license.

Police were to confer with the prosecuting attorney on whether or not the charge should be changed to drunk driving, second offense, a circuit court misdemeanor.

Children Will Pray For Peace

Special prayers for peace will be offered by children of St. Francis de Sales church at 7:45 a. m., Sunday in the Oak Theatre, where Catholic services are held pending completion of the new church.

The Rosary will be recited by the student body of the parish school, and the Litany of the Blessed Virgin will be chanted afterwards by the congregation.

At the conclusion, the children will offer the special prayer recently composed by Pope Pius XII. During the mass they will sing hymns to Mary and receive Corporate Holy Communion.

LANSING (AP)—Work will be started next month on a dam across Holster Creek in the Ogemaw State Forest, the State Conservation Department said. The 12-foot dam will back up the creek to provide a 22-acre lake for brook trout fishing.

Carl L. Nelson Claimed By Death; Funeral Saturday

Carl L. Nelson, 63, of 532 Oak St., died Thursday morning at Schoolcraft Memorial Hospital after being a patient for three weeks.

He was born March 13, 1891 at Five Lake, and had lived in Manistique since 1934 when he moved from Germfask. He was employed at the City Lumber and Supply Company.

Surviving are three brothers, Thomas Nelson, of Newberry, and Paul and Eric Nelson, of Detroit; three sisters, Mrs. Herbert Grimes, of Manistique, Mrs. Ray McLaughlin, of St. Ignace and Mrs. Harry Craig, of Newberry; and several nieces and nephews.

Funeral services will be held at Messier-Broullier Funeral Home at 2 p. m., Saturday with the Rev. A. Barton Brown, pastor of the First Baptist Church officiating. Burial will be made in the Maple Grove cemetery at Rexton. Friends may call at the funeral home beginning this evening.

Obituary

MRS. WALTER F. ANDERSON
Funeral services for Mrs. Walter F. Anderson, who died Monday at Schoolcraft Memorial Hospital, were held at 2 p. m., Thursday at Kefauver and Jackson Funeral Home with Elder Rex Stowe, of Gladstone, officiating.

During services Mrs. Carl Wedell played and sang "God Understands."

Palbearers were William Henderson, Harvey Brock, Golden Brock Basil Reid, John Reid and Clifford Cool.

Burial was made in Fairview cemetery.

Students Will Be Feted At Church

Members of St. Alban's Episcopal Church who will graduate in June from Manistique High School will be honored at a banquet at 6:30 p. m., Saturday at the church. All members of the parish have been invited.

Seeley Freed In Land Fraud

GRAND HAVEN (AP)—Charges of conspiracy were dismissed in Municipal Court against G. Palmer Seeley who had been accused of defrauding two Ottawa County brothers in a highway land deal.

He was listed as co-conspirator, however, as preliminary examination of Ronald V. Kennedy, his assistant, got under way after four postponements.

Deputy Atty. Gen. Perry Maynard moved for dismissal of the charges against Seeley, ousted head of the Highway Department's Grand Rapids right-of-way division, on the grounds that Seeley had already pleaded guilty in Muskegon to a much graver charge.

"The state has no desire to accumulate charges and sentences," Maynard told the court.

Ottawa County Prosecutor James Bussard stated for the record he did not concur in Maynard's motion.

Seeley and Kennedy had been charged with defrauding two Hudsonville brothers, Louis and Joseph De Kraker, of \$300 each.

Seeley, who also faces a charge in Allegan County, has pleaded guilty with Mrs. Lois Porter Moon Ley, Muskegon real estate dealer, of conspiracy to defraud in the amount of \$10,000 and upwards in Muskegon County. They await sentence.

Aged Thompson Man Gets Lost

Three state police officers of the Manistique post Thursday were called to aid in a search for Oscar R. Larson, 79, of Thompson, who became lost while cutting wood with his brother, Ole.

Larson was found at 2 p. m., in the brother's camp, six miles south of Thompson on Little Harbor road, and was in good physical condition.

He told officers he became lost after taking a load of wood to a wheelbarrow, and returned to the camp after wandering in the woods. He had been missing four hours when found.

Briefly Told

Confirmation Class—The confirmation class of Zion Lutheran Church will meet in the church at 11 a. m., Saturday.

Fire Call—City firemen were called at 12:30 p. m., Thursday to the Ann Arbor car ferry dock location where a grass fire was started near a perch fishing site. Several jackpines were burned in the one-acre fire.

Attend Services—All VFW Auxiliary members and their husbands and VFW post members and their wives are asked to attend worship services at Zion Lutheran Church at 9 a. m., Sunday, to pay tribute to deceased sisters and comrades.

Pay Fines—Fines and costs have been paid in justice court here as follows: Leo Demars, 338 Schoolcraft ave., \$4 for non-stop at arterial; Bernard Lapine Gulliver, \$4 for failure to signal turn; Vernon Kangas, Detroit, \$10 for improper overtaking and passing; Arnold M. Carlson, Rapid River, \$4 for failure to report property damage.

Military Officials Inspect Unit Here

Col. Thomas Stacey, commanding officer of the Wisconsin and Upper Michigan Recruiting services of the U. S. Army and Air Force, inspected the recruiting station here Wednesday. He was accompanied by Capt. Frank W. Chermak, operations officer. Both are from Milwaukee.

Eskymos Beat Trojans, 5-4, For 32nd Straight Victory

The Escanaba Eskymos climbed back from a 4-0 hole last night to defeat the St. Joseph Trojans, 5-4, and mark their 32nd consecutive high school baseball victory.

The Trojans collected all four of their runs in the second inning after two were out. Cass walked and Lancoor doubled. Guertin's fly ball was dropped by the outfielder and then Greenwood homered. Maycunich kept the rally going with a single and stole second but he was stranded there.

The Eskymos tied the score in the third. Coyne got a life on an error. Viaw singled and Beck walked to flood the bases with none out. Miron's double play ball was thrown into left field and two runs scored. Berrigan relieved Cass at this point. He disposed of Larmay but Briezman's single scored two more runs.

The winning run scored in the seventh. Bero's fly to right field dropped for a double. Beck's fly to right field was misjudged and Bero romped home with the winning run.

The Trojans stole six bases, bringing their seasons total to 35.

The Trojans will play Negaunee High School here Saturday morning at 10 and will meet Florence here Sunday afternoon at 2:30. Merhalski, the flashy Florence pitcher who has two no-hit games to his credit, is expected to pitch for Florence Sunday against the Trojans.

Yesterday's Stars

Pitching — Tom Poholsky, St. Louis Cardinals, won his first game since returning from the Army, 17-4 over Pittsburgh, and collected three hits.

Batting — Stan Musial, St. Louis Cardinals, hit a home run, a triple and a single, driving in four runs against Pittsburgh.

FIGHTS LAST NIGHT

Newark — Harold Carter, 187½, Linden, N. J., outpointed Bobby Slaughter, 174, Philadelphia, 8.

Liverpool — Pat McAteer, England, stopped Francois Wahl, Belgium, 3, (middleweights, but exact weights not available)

Vancouver, B. C. — Len Walters, 127, Vancouver, outpointed Rueben Smith, 126, Los Angeles, 10.

HONEST! — Luis M. Guillermey, Jr., caught this sea bass bigger than himself on a hand line. The catch was made just off shore at Escambron Beach, San Juan, Puerto Rico. Guillermey, a San Juan engineer, bottled the 192-pounder for almost two hours. It's a world record in 30-pound test line class. (NEA Photo)

OUT AT THIRD—Bob Bero, Eskymo runner, was out at third base in this play during the third inning of yesterday's Escanaba-St. Joseph baseball game. Bero was tagged by Bob Rodman, Trojan third baseman, as he slid into third. (Daily Press Photo)

Baseball Attendance Better This Season

NEW YORK — Major league baseball attendance, after hitting the skids the past few years, is taking a turn for the better this season.

An Associated Press survey disclosed today that the 1954 turnstile count is up more than 400,000 over last season with nine clubs benefiting.

Major league teams have played before an over-all total of 3,601,324 fans as compared to 2,589,235 in a like number of home games a year ago.

Thanks to its new Baltimore entry, which already has surpassed the total paid admissions for the St. Louis Browns in 1953, the American League shows a gain of more than 350,000. The Orioles, with a draw of 318,679 at home, are running 216,524 customers ahead of the defunct Browns.

The National League's gain is negligible — 57,439 — but five of its teams are on the upgrade. They are St. Louis, 54,479, Brooklyn, 45,210, New York, 25,213, Cincinnati, 7,327 and Chicago 2,696.

Surprisingly, Milwaukee, which established a National League attendance record last season, is one of the three senior loop clubs running behind its 1953 figures. The Braves show a deficit of 11,217.

Bay de Noc Opens Sunday

The Bay de Noc League opens its schedule Sunday with Manistique at Trenary in the top game of the week. Other games scheduled for Sunday are Cornell at Cooks, Rapid River at Fayette and Garden at Gladstone.

The complete league schedule will be published Saturday.

Tri-County Opens Sunday

The Tri County baseball league will open its schedule Sunday with Daggett playing at Bark River in a feature game. Manager Babe Kleiman will send Ernie LaChapelle to the mound with Gordon Nevada catching.

In other league games Hardwood will be at Powers and Niagara at Loretto. Perronville, the seventh team in the league, will be idle this weekend.

The league held its final pre-season meeting at Perry's this week and made final arrangements for the season's play.

Niagara, Loret and Hardwood are newcomers to the league this year.

Tri County League Rescinds Action

The board of Directors of the Tri County Baseball League met at Perry's, Spalding Tuesday evening.

The Board of Directors approved these two resolutions:

"Motion by Stanley McInnis, supported by Howard Green that the ruling forbidding playing Escanaba Bears be stricken from records. Motion carried.

"Motion by Stanley McInnis seconded by Stewart Perry that players playing with Escanaba Bears cannot play with any other team in Tri County League. May 23rd being set as deadline date. Motion carried."

Members of the Board of Directors expressed disappointment over failure of Escanaba to have representation at the meeting.

11 Horses Run In Preakness

By GEORGE BOWEN

BALTIMORE — "Saturday doubtful" said the forecaster about the weather and it applied very well to the Preakness, in which 11 young horses will whirl around old Pimlico for \$140,150 in prize money.

Although the supposedly well informed lean heavily toward either Robert S. Lytle's Correlation or Hasty House Farm's Hasty Road as the likely winner, this is a year so far in which it's a wide-open race for the best 3-year-old.

There'll be CBS radio and television, 3:30 to 4 p.m. (CST). Correlation probably will be made the 8-5 betting favorite of the expected crowd of 35,000 despite his disappointing sixth in the Kentucky Derby. Hasty Road was second in the Derby. But since then, Correlation headed off Hasty Road in the Preakness Prep Monday.

The Derby winner, Determine, is not entered in the Preakness. Expectations might be messed up by rain. No one speaking for the 11 entries expressed concern over a slow track, but several admitted they weren't sure how their charges would react to one.

The Escanaba Insurance Association team in the Babe Ruth League will practice Saturday at 1:30 at City Diamond.

Eskymo Golfers Place Second In Quadrangular Meet

Escanaba High School golfers sustained their first golf match loss in three years yesterday when they were defeated by Iron Mountain in a quadrangular match at the Iron Mountain course.

Iron Mountain's score was 173 with Escanaba second with 183. St. Joseph third with 191 and Kingsford fourth with 207.

The scores follow:

Iron Mountain—Jack Hooper 38, J. Winters 40, D. Winters 48, B. Carlson 47.

Escanaba—Bill LeMire 43, John LeMire 45, Tom Gregoire 46, Jim Finn 49.

St. Joseph—Dave Hirn 45, Mike Venne 49, Denis McGinn 47, L. Villeneuve.

Kingsford—B. Willman 46, J. Hall 54, D. Callaway 49, F. Baumel 58.

In a dual meet here yesterday the Junior High golfers defeated the Senior High Reserves, 11 to 4. Jerry Martin shot 48-40 to lead the contestants.

Europe Boxers Battle Chicago Golden Glovers To Standstill

CHICAGO —Europe's amateur boxers battled Chicago's Golden Glovers to a 5-5 standstill Thursday night.

Norway's light heavyweight olympic champion, Bjarne Lingas, in the last bout was awarded a decision that tied the series. The verdict against Orville Pitts of the U. S. Air Force, stationed at Wright Field, O., drew more boos than cheers from the Chicago Stadium crowd of 12,277.

It was the fifth tie in the series which started in 1931 and has produced only one European victory, in 1939.

The overseas team captain, 6 foot 2½ inch Bruce Wells, Royal Air Force Corporal from Reading, England, won his light middleweight class bout with Art Glass of Dayton, O. to cut the Americans' lead to 5-4.

Three of Chicago's victories came on technical knockouts. Garvin Sawyer, 188, Cincinnati, stopped Finland's Ilkka Koski in

45 seconds of the third and last round because of a gash on the Finn's forehead.

Tigers Ready For White Sox

By JOE FALLS

DETROIT —Fighting to hold third place, the Detroit Tigers—baseball's most improved team—open a three-game series tonight with the Chicago White Sox.

A near-capacity crowd of 50,000 is expected to jam Briggs Stadium to watch Detroit's Billy Hoelt (1-2) duel with Bob Keegan (5-1).

With a 16-10 record, the Tigers hold third place over Chicago by 21 percentage points. A White Sox victory would reverse their positions in the standings, however.

The teams have divided four games this season, each winning twice in enemy territory. A fifth game ended in a scoreless tie.

After 26 games last season, the Tigers had the worst record in the majors—six wins and 20 losses. They are 10 full games ahead of that pace this year, a remarkable turnaround.

But the Tigers are entering a critical part of the season. They have met every club in the league and the second go-around begins with the White Sox series.

It will be interesting to note whether Detroit's youngsters—Al Kaline, Frank House and Bill Tuttle—continue their fine play, or whether the opposition will start catching up with them now that they have had a chance to study them.

Kaline, House and Tuttle have sparked Detroit to its best start in four years.

Joey Gardiello Meets Langlois At Garden Tonight

By JACK HAND

NEW YORK —Joey Gardiello's reaction to the Bobo Olson-Rocky Castellani title fight announcement is the key to his mid-dilettante bout with Pierre Langlois tonight at Madison Square Garden.

If Gardiello, the No. 1 contender, decides to take out his disappointment on Langlois, the Frenchman could be his fourth straight knockout victim. If Joey still is deeply disturbed about being bypassed by the champ, he may not be in the mood for a top effort.

Although Gardiello has been promised an October shot at the champ, there are two big "ifs": 1. Olson must not lose to Castellani; 2. Gardiello must not lose to anybody.

Gardiello is a solid 1 to 5 favorite in the 10-round match, scheduled for 8 p.m. (CST) with network radio (ABC) and television (NBC).

Big Families Get Consideration

KALAMAZOO, Mich. (P)—A hospital in Kalamazoo is offering free medical care to prospective mothers if:

The child is the mother's fifth, sixth, seventh or eighth and it is born in 1954.

The Sisters of St. Joseph, who operate the hospital, say it makes no difference where the prospective parents live as long as the child is delivered at the hospital.

SLEEP — WITH GUNS

KUALA LUMPUR (P)—One of a group of Vietnam information officers visiting Malaya on a study tour suffered sleepless nights here because he missed the sound of mortar fire in his hometown of Hanoi. Dinh Trinh Chich said he had learned the art of restful slumber despite the sound of gunfire.

Junior High Pupils Of Garden Going To Copper Country

GARDEN—Students in the junior high grades of Garden High School will board the school bus early Saturday morning, May 22, to begin their long awaited and planned for trip to the Copper Country. They will travel through Marquette on their northerly route and plan to stop at the Van Riper Park on Champion Lake for noon picnic lunch which they will take with them.

The bus is scheduled to arrive at the Douglas House in Houghton where the group will make its headquarters in early afternoon. The afternoon will be spent touring the Arcadian Copper Mine in Ripley which is an authentic mine open to sightseers. Here the class will see the actual operations involved in mining copper. They then will visit the reclamation plant in Hubbell where they will be shown the process by which copper is being reclaimed from the stamp sand which was dumped into Portage Lake during the early days of mining. They also will visit the campus of the Michigan College of Mining and Technology in Houghton.

In the evening they either will see a movie or attend the Copper Country Band Festival at Sherman Gymnasium.

Sunday morning after church services the group will board the bus for the scenic trip to Copper Harbor, Fort Wilkins and up the mountain drive to the nose of old Brockway. Late afternoon will see the group checking out of the hotel and starting the trip back home. The plans are to take a different route home by going through Crystal Falls, Florence, Wis., and Iron Mountain where a stop will be made for a late dinner.

The classes have been studying about the Copper Country the past few weeks and have an excellent bulletin board display in the main entrance of the school. The trip was planned as a living lesson in Michigan geography and history.

Several teachers will accompany the group as chaperones.

Raise Accepted By Carpenters

KALAMAZOO (AP)—Acceptance of a 12 1/2 cent hourly pay increase ended a 19-day strike of AFL Carpenters in six southwestern Michigan cities.

The settlement was announced Wednesday by a joint negotiating committee which said the contractors' wage offer was carried by a 4 to 1 majority in carpenter balloting.

The agreement also gives the carpenters double time for work on Saturday mornings, in addition to Saturday afternoons, Sundays and holidays. Other overtime is based on a time and a half rate.

The new scale raises the hourly rate to \$2.67 1/2.

The strike was called May 1 by the AFL Southwestern Michigan Conference of Carpenters in demands for a 15-cent hourly increase. The walkout affected construction projects of the Southwestern Michigan Contractors' Assn.

Rock

Commencement Dance
ROCK—The Rock High School gym was decorated with thousands of silver stars forming a ceiling for the commencement dance Saturday evening. A white trellis surrounded the orchestra pit. Chet Marrier's orchestra furnished the music for dancing. A big round moon hung from the middle of the ceiling to further stress the theme, "Moonlight and Roses." Pop was served from a booth decorated as an Old Wishing Well.

Entertains Club
Mrs. Henry Jokela was hostess to the Rock Bridge club Monday evening. First prize was won by Mrs. Clarence Larson, second prize by Mrs. John Berg, and consolation prize went to Mrs. Charles Carlson. Lunch was served. The next meeting will be held at the home of Mrs. Stephens Rabideau.

Briefs
Leo Kulki and Arne Johnson attended the U. P. Mutual agents meeting at Baraga Tuesday evening.

The school picnic will be held at Dutch Mill Tuesday, May 25 for the grades and high school students and faculty of the Rock schools. Parents are invited to attend.

The Music Festival program by the music students of Perkins and Rock schools will be held at the Rock High School Monday evening, May 24.

Mother Who Balked As Red Hunt Witness Gives Up Girl Scouts

DETROIT (AP)—A 27-year-old suburban Garden City mother who refused to tell a House un-American activities subcommittee whether she was a Communist is no longer a Girl Scout leader.

Directors of the Girl Scouts of Metropolitan Detroit Wednesday accepted the resignation of Mrs. Evelyn Gladstone "in the best interests of the girls."

Mrs. Gladstone, mother of one child, said she was resigning because publicity stemming from her appearance before the committee headed by Rep. Kit Clardy (R-Mich) two weeks ago might have a "possible adverse effect on the Girl Scout movement."

She was alleged to have worked for the Michigan Daily Worker, state Communist party official organ, while attending the University of Michigan in 1947.
